Post-game ejection scenario: If there is an incident after umpires leave the playing field involving a player, coach, or other member of team personnel that would have been an ejection had it occurred on the field, treat it as an ejection (text as above; choose e-mail link *Ejection for Other*).

Future game concerns: For potential problems between the same teams in a future game, please report via text to **David Lewis (714-931-1263)**, so umpires can be alerted prior to the next game.
